**Subject: Brockton, Massachusetts
Wastewater Collection/Treatment Facility
Consent Decree Civil Action Case No. 1:06-cv-11334-NMG
2011 - 4th Quarter Report**

Dear Mr. Goldberg:

The following is a quarterly report for your consideration regarding the City's Consent Decree Civil Action referenced above. This information is an update of the individual ongoing wastewater projects within the City plus other relevant data, in accordance with Section 42 of the Consent Decree.

Section 42 a - Activities Directed at Compliance with the Consent Decree:

1. Miscellaneous Sewer Pipe Repair and Replacement

The City has been performing sewer rehabilitation based on the findings of the City Wide Sewer System Evaluation Survey (SSES). In addition, there are several private contractors performing sewer rehabilitation throughout the City. As a result of this work, many gallons of extraneous flow have been removed from the sewer system. During this period, the City replaced crushed pipe and a defective manhole, addressing several sources of exfiltration. The attached Table 1 is a summary of sewer system repairs documented since 1990. This activity is required by Sections 35 through 39 of the Consent Decree.

2. Sewer System Rehabilitation

Construction of all phases of sewer system rehabilitation is complete. These activities are required by Sections 35 through 39 of the Consent Decree.

3. Local and State Funding

The City has completed all upgrades at the Advanced Water Reclamation Facility, as well as all phases of sewer system rehabilitation, under the SRF funding package totaling \$99.725 million, which matches the City authorization for borrowing.

4. I/I Reduction by Whitman and Abington

Both Whitman and Abington are required to develop an I/I rehabilitation plan as defined in the new NPDES permit for the Brockton WWTF. Both have been provided a copy of the Consent Decree and are currently pursuing I/I studies and rehabilitation. This activity is required by Section 40 of the Consent Decree.

5. Private Inflow Reduction Program

The City has completed the house-to-house inspection program. This activity is required by Sections 35 through 39 of the Consent Decree.

6. Wastewater Treatment Facility Upgrade

All three Phases of the WWTF Upgrade have been completed. These activities are required by Section 23, 24 and 25 of the Consent Decree.

7. Receiving Water Assessment SEP - Scope of Work

Sampling for the Comprehensive Receiving Water Assessment SEP is complete, and the summary report was previously submitted during the second quarter of 2011.

8. Lead Analysis SEP - Completion Report

The Lead Analysis SEP completion Report has been submitted in accordance with Appendix C and Section 15 of the Consent Decree. Additional samples were taken during the second quarter of 2011 at DEP's request, and the summary of results was submitted during the third quarter of 2011.

9. Funding

The FY12 Sewer Enterprise fund budget was submitted with the third quarterly 2011 report. This activity is required by Section 41 of the Consent Decree.

Section 42 b - Plans, Reports, and Deliverables Completed and Submitted during this Period:

1. (None this period)

Section 42 c - Activities Anticipated During the Next Reporting Period:

1. The City will submit a quarterly report.

2. Miscellaneous Sewer Pipe Repair and Replacement by City Personnel

Additional sewer rehabilitation by City staff based on the findings of the City Wide Sewer System Evaluation Survey (SSES) is expected to continue during the next reporting period.

3. Wastewater Treatment Facility Upgrade

Compliance with the NPDES permit is expected to continue during the next reporting period, as required in Section 34 of the Consent Decree.

4. Supplemental Environmental Projects

Review and response to minor DEP comments and completion of all SEPs is anticipated during the next quarter.

Section 42 d - Anticipated Non-Compliance During the Next Reporting Period:

During the next quarter, it is expected based on the fact that Brockton has reached completion with all Phases of the upgrades that the treatment facility should continue to be without effluent violations (SNC) of its existing NPDES permit.

Section 42 e - Non-Compliance during the Current Reporting Period:

During the 4th quarter of 2011, the City of Brockton WWTF experienced no effluent violations of its NPDES permit.

Section 14 - Status of Supplemental Environmental Projects:

1. Receiving Water Assessment SEP (Consent Decree Appendix A)

The City has previously submitted the final scope-of-work and QAPP for the SEP in compliance with the requirements of the Consent Decree. Field sampling and analysis is complete. The summary report has been completed and submitted to DEP.

2. Regional Wastewater Management Planning SEP (Appendix B)

In compliance with the requirements of the Consent Decree, the City has disbursed the required funds in the amount of \$75,000 to the Old Colony Planning Council for implementation of the scope-of-work for this SEP.

3. Lead Analysis SEP (Appendix C)

The City has completed all testing of all open schools per the approved scope-of-work for the lead sampling SEP. The SEP completion report has been submitted. The City has expended approximately \$27,000 to date for this SEP (supporting cost documentation previously provided.) At DEP's request, the City has completed over 30 retests of certain drinking water bubblers and sinks that have been repaired. The summary of results has been completed and submitted.

Section 73 - Certification by representative of the City

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

We trust this information meets your expectations regarding the required progress report. Please do not hesitate to contact me at 508-580-7135 regarding any questions or comments on this information.
